What can you wireframe with Balsamiq?

What can you wireframe with Balsamiq?

Mobile App

A wireframe of a mobile application interface for a 'New Policy' form. The interface is contained within a rounded rectangle representing a smartphone, with a status bar at the top and a home indicator at the bottom. The form itself has a light gray background and is titled 'New Policy' with a dropdown arrow. It includes a hamburger menu icon, a notification bell icon, and a three-dot menu icon. The form fields are: 'Nombre (s)' with a help icon and a text input; 'Apellidos' with a text input; 'Motivo de solicitud' with a dropdown menu showing 'please select a brand'; 'Correo electrónico' with a dropdown menu; and 'Contacto:' with a text input. At the bottom, there are two buttons: a white button with a left arrow and the text 'Regresar', and a gray button with the text 'Submit'.
